

Summaries

Art & Design

- Make observational drawings linked to science work. Look at the detailed botanical pictures of trees and discuss. Compare to the work of famous artists.
- Design own magic carpet and weave using wool
- Make objects based on souvenirs and artefacts collected on Magic carpet journeys. For example: clay pots decorated with aborigine finger paintings.
- Sort colours to match seasons
- Mix own colours and create interesting names for them
- Look at photographs and paintings of trees and use for inspiration for own drawings and paintings of the seasons
- Make collage tree pictures using a variety of techniques and materials including stitching on card, twisting tissue paper, pastels and fabric
- Look at oil painting: 'The Flying Carpet' by Viktor Vasnetsov

English

- Fantasy story writing: Magic Carpet Adventures linked to Helle and the Sensational Magic Carpet series at <http://helliesworld.com/>
- Lists for packing suitcases for different climates
- Posters, signs, labels, tickets for role play Airport
- Non-fiction Books on the seven continents (part of home learning)
