

LoveReading4schools is a new, free website designed to help schools and parents encourage a love of reading among their children

The site is enthusiastically endorsed by Children's Author, Jacqueline Wilson: 'It's a fantastic way to get as many children as possible to love reading!'

As you know, we already have school reading lists. We think that having our lists on-line will be incredibly convenient for parents, who can view the books and buy them at any time from the comfort of their own homes.

This great new service is FREE for schools and parents. Even better, all the books featured on LoveReading4schools are available to buy with a 25% discount on the

RRP.

But that's not all. For every £100 spent by parents of our school we are given a £5 book voucher to help build our school library, benefiting your child even further.

Find our reading lists, broken down by academic year, at the following address:

<http://www.lovereadingschools.co.uk>

You will be asked to register as a parent and create your own account. It's free, and very important as it enables us to be sent our free book vouchers for the school library. All you need is an email address and a password that you can remember.

Once you have registered you will need to LOGIN each time you visit the school reading lists. After registration you will be sent to the schools book page and there just click on any of the book lists to see the books in those lists.

Finally, please remember to bookmark our school's page to make it easier for you next time you visit the site.

LoveReading4schools
better for schools, better for parents.

LoveReading4schools is endorsed and supported by the NCPTA.

The NCPTA supports over seven million parents through 13,000 PTAs and other home school associations across England, Wales and Northern Ireland; and encourages parental involvement to enhance the education experience for children.

Dear Parent / Carer,

With so many parents now having internet access, we've decided to make our school reading lists available online. We hope this will prove very convenient for parents and save a lot of time that might be spent trawling shops for the books.

The service is provided free by a website called [Lovereadingschools.co.uk](http://www.lovereadingschools.co.uk) and all the books are available to buy at a 25% discount. Uniquely, schools and parents can download a free Opening Extract of each book to find out which their children will most enjoy before buying. And for every £100 spent by parents of our school we are given a £5 book voucher to purchase more books for our school library, benefiting your child even further.

Click below / go to the web address below to go to our online reading lists.
