

Statement of Intent Byron Court Primary School (Governing Body)

Byron Court Primary School recognises the importance of how each family and staff member travels to the School is the first, most immediate way we can teach children to demonstrate good citizenship, care for their local community and exhibit good stewardship of the world in which they live. We are committed to living out our ethos as stewards of our environment and will work to ensure that our travel contributes to larger local efforts to reduce congestion and promote healthy lifestyles.

We believe that good Schools both add value to and receive value from the whole community. In addition to building a strong relationship with our local community, our goal is for each child to realise his or her personal significance, and make a unique contribution to the community and the wider world. Byron Court Primary School will develop young citizens who are aware of their duty to society and are actively involved in their local community building upon the success of the existing School Travel Plan.

Our travel plan outlines our commitment to promoting green travel throughout the School community.
