

Tuesday 10th March School Council Meeting

- First of all we welcomed Mrs Rivett to our School Council. Mrs Rivett is our Chair of Governors and she was very interested in seeing how the School Council operated at Home Farm Primary School.
- First we received feedback from all the classes regarding Reading Eggs and how we can recognise the hard work put into this scheme by children. We had voted in our classes and the favourite decision was that the children of Home Farm would like a new certificate!
- Next we looked at the school dinner suggestions from last week: We had a good idea to have soup but it ended up that soup will be a meal for winter time, so this idea will be brought forward to the new school year.
- The new ideas for the summer term menu need to be voted on. Classes have to decide which ones are the best and which ones aren't worth putting on. Feedback for next week 😊
- We are still thinking about more clubs
- Citizenship award has been voted for
- Clock in library is a good idea
- More writing in some classes

Thank you

Alexa Lechner School Council Secretary
