

Downs Infant School

Accessibility Plan 2014 - 2017

1. Introduction

It is the school's responsibility, under the Equality Act 2010, to have an Accessibility Plan. The plan must be reviewed every three years and approved by the Governing body. It will be monitored by the Governors at the Resources Committee.

This plan has been drawn up following consultation with the Local Authority, Parents, Staff, Governors, Pupils and outside Agencies. It shows how access is to be facilitated or improved for disabled pupils, staff and visitors to the school within a timeframe. It addresses three broad areas: increased access to the curriculum for pupils, improvements and adaptations to the physical environment and the improvement of written information.

At Downs Infant School we are committed to working together to provide an inclusive school ethos and environment where all children, parents and visitors feel safe, happy, respected and included.

We seek information about any disabilities or health conditions which affect our children or their parents/carers, at the earliest possible opportunity, in order to be able to plan to meet individual needs. We aim to make all areas of the curriculum available to all pupils but the physical environment presents us with more challenges and at the moment is not fully accessible to disabled people who have limited mobility or are wheelchair users.

The school was built in 1975 and is a three storey building built on a hill. It has narrow corridors on the lower and upper floors. All of our Reception classrooms, and two of our year one classrooms, are on the ground floor and accessible to all. The remaining classrooms are on the lower or upper level and accessed via a staircase. The school does not have a lift. We have one disabled toilet.

Access Plan

September 2014 - July 2017

Targets	Strategies	Responsibilities	Time scale	Success Criteria
<i>Aim 1 To increase the extent to which disabled pupils can participate in the school curriculum</i> <i>Short term 2014/15</i>				
To facilitate a smooth transition to school for children with additional needs	Identify pupils who may need additional to or different from provision for Sept 15 intake.
