

# FEEDBACK

## Gather feedback from Parents whose children starting in Foundation class in September 2014

We asked: WHAT DID YOU FEEL WORKED WELL FOR THE INDUCTION LAST YEAR?

- It all went really smoothly. We were very happy. We liked the photos and the Teddy is still very special to him.
- Having photos of the teachers and the school really helped, we talked about them a lot during the summer holidays.
- The Teddy Bear.
- The slow introduction to full days.
- The close relationship between pre-school and “big school”.
- Going into new classroom for the afternoon. The Teddy, the lovely welcome letter from the children in the class.

We asked: IS THERE ANYTHING ELSE WE COULD DO?

You said:

- Possibly more afternoons, although 3 was ok for my child.
- My child found settling in quite easy, so it is difficult for me to comment.
- Perhaps have an open day towards the end of the summer holidays, 6 weeks is a long time between transition days and start date.
- Include a map in the Induction pack.
- Perhaps includes pictures of children in their school uniform.
- Update School contract, so it more clearly set out.
