

FEEDBACK

2014 School Leavers

We asked: HOW DID YOU FIND THE TRANSFER TO SECONDARY SCHOOL?

- Well organised.
- Lots of opportunities to visit secondary school.
- Very good.
- With Brading taking part in sports events, it helped my child to get used to the campus.
- There were lots of meeting dates, talks to Yr7 head throughout the summer term which was good.
- My son was excited to move up
- The Buddy letter to each student was a really nice thing to do.
- The numerous transition days and summer school meant that by the time my son started he knew his way around and was confident on his first day.

We asked: WHAT DID YOU FIND MOST USEFUL FROM US?

You said:

- Taking part in the Baylink Olympics really helped as we had recently moved to the Island and had missed some of the move-up days, and this gave him an opportunity.
- Good communication and help with contacting new school regarding friendships.
- Giving my child the opportunity to spend time in his new school.
- Lots of information between school and students/parents.

We asked: HOW COULD WE MAKE IT BETTER?

You said:

- Nothing, just continue to participate in all the activities the secondary school have to offer.
- My son was worried about getting to school on his own, Maybe this is an area that could be looked at.
- Provide some information on how to apply for travel permits on buses/trains.
