

### What do you think?

Are we doing what we should for your child?

Is your child happy in school?

Is there something you feel is not quite right?

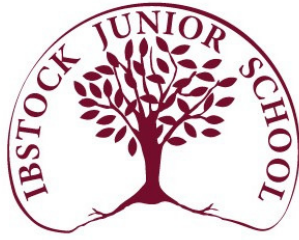

Is there something you've been really impressed with?

Please tell us your view any time you feel it is necessary. Remember, if you approve of something then we can take steps perhaps to further improve. If you aren't happy with something then we'll try to resolve the cause of your concern.

Compliments help us to recognise what we are doing well and be aware of what you value at our school. We like to acknowledge people's success.
