Dear Parents

At the SRE (sex and relationships) meeting earlier this term some parents asked if they could have follow up after the children have watched the SRE DVD. This would help parents answer any questions their child may have.

Today Y2 watched 'How Did I Get Here'.

The aims of this programme are

- To explain that a baby develops inside its mother's womb and that both the male and female sex parts are needed to make a baby.
- To enable the children to reflect on their development from babies
- To inform children about conception and the growth of a baby in the womb.

In the programme Jamahl and Vicky are playing with puppets that they bought on a shopping trip with Jamahl's Auntie Laura. Jamahl thinks Auntie Laura has got fat but she explains that she is pregnant. The children play with their puppets and say that the puppets come from a shop and the children wonder where they came from. The children are told that when a man and woman love each other they may choose to have a baby and that a baby is a mixture of a mum their mum and dad. Various children are shown talking about how they are like their parents both in looks, in what they like to do or are good at. Auntie Laura visits the ante-natal clinic and we are shown a scan of the baby in her tummy. Jamahl and Laura visit Auntie Laura and her new baby in hospital

We hope that this information is helpful and, as always, please contact us if you have any further questions.

Yours sincerely
Mrs Dawson
