

We will try to take care of each other.

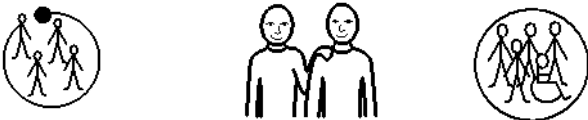

We will listen to each other.

We will put up our hands before we speak.

We will try to be quiet while others are working.

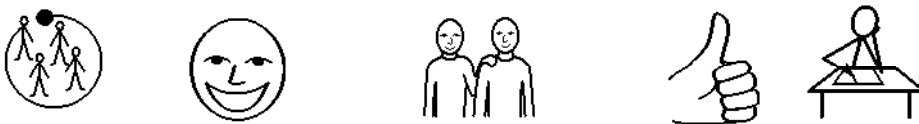

We will try to be friends with everyone.

We will look after our school.

We will look after our things.

We will be happy for our friends when they do good things.

We will be kind and helpful to each other.

We will be proud of ourselves.
