

School Council Minutes: 29.9.15

I was very pleased to welcome all School Councillors to our first meeting.

We discussed an idea proposed by Lily Heard from Year 5 - who has suggested a way to raise money for the school.

Mrs Smith will type up the idea and get it to all councillors so that they can ask for the opinions of their class. School councillors will ensure that all answers will be ready for next week's meeting please.

We then had some School Council training and had to decide on what the Council should be involved in - we came up with the following suggestions:

Rewards; fund raising/charity events; child protection; school rules; health and safety; the tuck shop; trying to help people as much as possible; encourage people to make new friends; come up with new ideas; staff appointments; after school clubs; community projects and finally toilets.

Please support our new school councillors by coming up with lots of ideas - many thanks.

Minutes taken by Mrs Smith
