## *Bush Hill Park a welcoming and successful school*

**B**ush Hill Park is a large, vibrant, welcoming and successful Primary School with around 660 pupils from Nursery to Year 6.

We have established a culture of high expectations of achievement and believe in providing all children with skills for lifelong learning through engaging them in a rich, challenging curriculum within a shared culture of safety and respect.

We are committed to early reading and mathematics through Read, Write, Inc and Maths Mastery, combined with this we have created a stimulating outdoor provision that encourages discovery, awe and wonder.

At Bush Hill Park Primary School, families share in their child's learning and successes. We believe that working together in a strong partnership is the best way to ensure a child's success.

We expect our children to grow into successful and responsible young people who make a positive contribution to their school and wider community.

Bush Hill Park School has undergone some rapid changes, this has provided a new focus for the school's inspiring leadership team. We have been fortunate enough to attract a high calibre of dedicated teachers and specialist staff.

We are a happy school and work in an atmosphere of respect and trust, where each child feels secure and cared for and has a sense

of belonging. During their time at Bush Hill Park Primary School children will be introduced to a wide variety of learning experiences and curriculum enrichment opportunities.

We have great children who are keen to learn and an excellent team of staff who go the extra mile and are innovative and supportive with the children at the heart of everything that they do.

We work hard to ensure that we support our children to become independent, motivated, confident individuals who aim to be the best that they can be!
