

Year 3 Autumn Term 2 Theme

Language, Oracy and Literacy

- We will be investigating and writing their own adventure stories.
- Children will learn to write instructions.
- We will perform poems.

Mathematics

- Children will be learning about fractions.
- They will be measuring ingredients and working with money.

Place and Time

- Children will use maps and globes to identify counties in the world.
- Children will research where different foods come from.

Citizenship and Ethics

- Children will be learning about financial literacy by creating and following a budget.

How can you help?

We would welcome help with the cooking aspect of our theme.

Journeys

Children will find out where in the world different foods come from and why they can't grow in certain places.

We will learn about which foods are good for us and how they are used by the body.

Children will make recipes and will design their own product. We will be sharing these products with you at our end of term exhibition.

Which will be the most successful recipe?

Physical and Emotional Health

- Children will be continuing to learn multi skills to help successfully play games later in the year.
- We will also have a dance coach to help us learn different dances.

Enterprise

- Children will be developing their financial skills. Can they budget successfully?

Science and Technology

- We will find out about different food groups and how to plan a healthy meal.
- We will learn about our own and other skeletons.
- We will investigate our muscles and how they work.
- We will use technology to write our own programs.

Faith and Belief

- Children will find out about Hindu celebrations and will compare them with Christian ones.
- We will also learn about Christmas.

Arts and Creativity

- Children will be designing packaging and cooking different foods for our exhibition.

Visits

We hope to visit a supermarket to see how our food gets onto the shelves for us to buy.
