

Investors in Pupils – 2015

As a school we are working towards reaccreditation of Investors in Pupils, which we first attained in July 2012. The status is valid for three years and then must be reassessed. We will be externally validated sometime in the Summer Term 2016.

Investors in Pupils helps children to be more active participants in their learning. Validation is based on evidence across five key areas – Learning, Behaviour, Attendance, Classroom/School Management and Induction – and how children are involved in these key areas. It provides a framework for increasing pupil participation and a greater awareness of social responsibility within and outside of school.

More information about Investors in Pupils can be found on the school website under the Our School section.

Schools that achieve the Investors in Pupils award demonstrate a commitment to all members of its learning community, they are committed to listening to, involving and actively engaging pupils in their learning and wider school community.

Schools working on Investors in Pupils often display the following:
in the classroom:

- Mission statement/ Vision statement/ Class charter/ Class Promise written by the pupils
- A class target that has been agreed by all class members and is reviewed and changed regularly
- Personal targets for each class member that are agreed, reviewed and changed with supporting adults

Other displays around school could include:

- Staff (including Governors) roles and responsibilities
- Pupils roles and responsibilities
- School budget
- Attendance
- Induction materials, e.g. book, video or presentations written by the pupils for new class members

Investors in Pupils is a whole school approach and assessors will interview a range of stakeholders including parents, governors, staff and pupils on the day.

We hope that we will continue to be a successful Investors school and will update you on the outcome after our validation day. Thank you for your support.

Yours sincerely,

Mrs R Barson
Co- Headteacher

Mr. C Summers
Co- Headteacher

Please turn over for details of our Takeover Day

National Takeover Challenge – Thursday 19th November 2015

To support our Investors in Pupils ethos we are having a 'Pupil Takeover Day' on Thursday 19th November 2015.

Children in KS2 will 'takeover the jobs' of some of the adults in school, under careful supervision, for a morning. Our Takeover Day is designed to give our children an insight into the world in which we work and an idea of the range of tasks adults undertake on a daily basis.

Children in KS2 will be asked to complete an application form for the post they would like to do. There will be a shortlisting and interview process after which some children will be selected to take that post for the morning.

The children are very keen to complete this Takeover Challenge and we look forward to an exciting morning.
