

Sports Funding 2014-2015		
Action	Amount (%)	Impact
Active Schools	25%	Staff have attended training to support and develop their teaching. Children have attended events and competitions developing their skills in sports, participation and confidence.
Leeds Rhinos Foundation.	15%	All year groups have received high quality coaching from an expert coach to develop their skills in rugby. Staff have observed and gained knowledge and skills in teaching this sport. Children have participated in team games developing team work and promoting good sportsmanship.
Football training at goals.	8%	Developing the children's Football skills and promoting team work.
Health week Health Fair	7%	Running alongside 'Healthy Schools' throughout health week the children attended a variety of lessons, gaining the knowledge to keep their bodies active and healthy. They learnt why their bodies needed a healthy and active lifestyle and what they could do to improve theirs.
Robinwood	10%	Year 6 gained hugely from attending their residential at Robinwood. They developed their team building, communication and problem solving skills. Through the outdoor adventurous activities they were able to push and challenge themselves to achieve and even overcome fears. They learnt to support their class friends and provide positive encouragement.
Afterschool clubs	15%	Experienced coaches have helped the children to improve their skills in their chosen sport and there has been good attendance.
Transport to competitions	5%	Children were able to attend competitions.
Resources	15%	Excellent equipment means that more sports were able to be carried out by all children throughout school.

Aims for 2015-2016		
Action	Amount (%)	Impact
Active schools	25%	Continuous development of teacher development and gaining new skills required to teach Physical Education and Physical Activity.
Rhinos Foundation	15%	Children to develop skills taught by experienced coaches. Teachers to observe and learn new skills to teach.
Real PE	25%	Training for teachers to develop the teaching of Physical Education in a creative and exciting way. Giving them the confidence and skills to deliver outstanding PE. Children to develop their fundamental skills required to participate in sports and physical activities. Focusing on the development of agility, balance and coordination, healthy competition and cooperative learning.
Robinwood		For the new year 6 to gain in the same way as last (as stated above). Gaining team work, leadership, confidence, communication and problem solving skills.
<p>Swimming We have moved leisure centres this year and are now attending lessons at Bramley Baths, aiming to improve the quality of teaching given to our children, which will then reflect in their water confidence, safety and ability. The sessions are now one hour in length instead of half an hour as in previous years and years groups 3 and 4 attend.</p> <p>Money will be set aside for top up lessons if required for those children not able to swim the required 25 meters by the end of their allocated swimming lessons.</p>
