

Marion Wessel: Chair of Teaching and Learning Committee

My daughter and granddaughter attended SGI School. I have seen the school grow and develop over the years.

I am the manager of The Owl Pre School, which shares the SGI site and am a governor at the junior school

I have worked in early years for over 30 years and extensively across Kent. I am currently one of the local collaboration leaders for preschools; supporting local groups and offering help and advice to other preschool leaders.

I know how important it is for children to have the best start in life and am really committed to helping not only the children at SGI school but making sure our families have the support they need.
