

Inspection Dashboard

The inspection dashboard is designed to show at a glance how well previous cohorts demonstrated characteristics of good or better performance. It contains a brief overview of published data for the last three years. It shows progress first, including from the main starting points.

It includes the key groups: disadvantaged pupils, those who have special educational needs (SEN), girls and boys. Achievement of disadvantaged pupils is compared with the national performance of other (non-disadvantaged) pupils. Cohort sizes are shown; data for very small groups should be treated with caution.

The front page summarises strengths and weaknesses based on only the 2015 data shown in the dashboard, so cannot include EYFSP until their 2015 data are shown in a later release. The strengths give an indication of some features of good or better performance in 2015, highlighting consistency across starting points, subjects or groups.

Strengths in 2015

- The proportion of disadvantaged KS1 pupils that attained at least Level 2B was equal to or above the national figure for other pupils in mathematics.
- The proportion of Year 1 pupils that met the expected standard in phonics was above the national figure.
- Attendance was above average.
- Persistent absence was below average.

Weaknesses in 2015

- Attendance was low for the group(s): FSM (in the lowest 10% of all mainstream schools nationally).

Where a group is identified as in the lowest 10%, it has been compared with the lowest 10% of schools based on the figures for all pupils, and not the figures for the group nationally.

KS1 average point score and closing the gaps

Statistically significant results are highlighted for all pupils, boys and girls. They are denoted by a green (sig+) or red (sig-) symbol. Closing the gaps charts show gaps between disadvantaged and other pupils (nationally and in the school). Bars extending to the right show positive gaps, with disadvantaged above other, while those to the left show negative gaps. Figures in brackets are the number (n) of pupils.

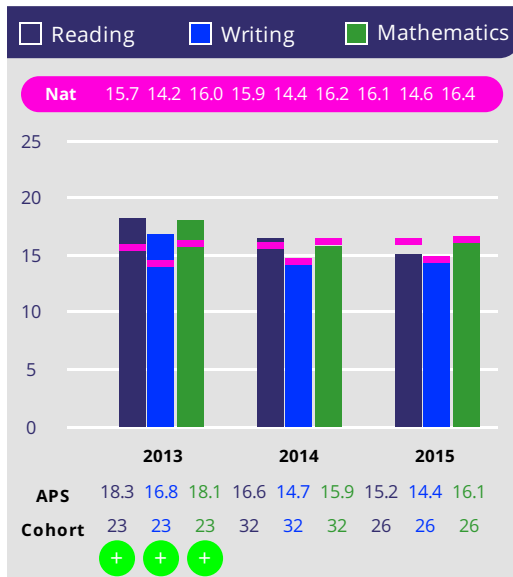

All pupils

Phonics and Early Years Foundation Stage Profile

Charts display combined figures for SEN with an EHC plan/statement and SEN without an EHC plan/statement. The current format of Early Years Foundation Stage Profile data starts from 2013; the 2015 data are not yet available.

Phonics Year 1 % of pupils that met the expected standard

Early Years Foundation Stage Profile % of pupils that achieved a good level of development

Absence, exclusions

On the absence chart, a line shows the highest 10% nationally to help identify groups with low attendance. Repeat exclusions show the percentage of pupils who were excluded more than once in the year. Exclusion data relate to earlier years than other data. The group 'No EHC/stat' represents pupils with special educational needs who have no education, health and care plan or statement.

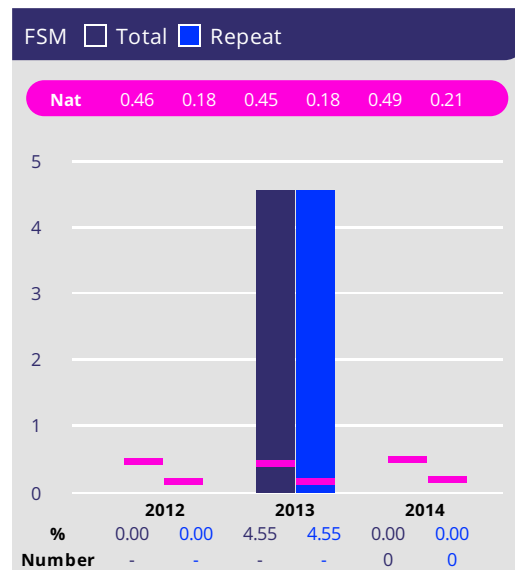

Absence

Persistent Absence

Fixed term exclusions % and number of pupils excluded

Permanent exclusions

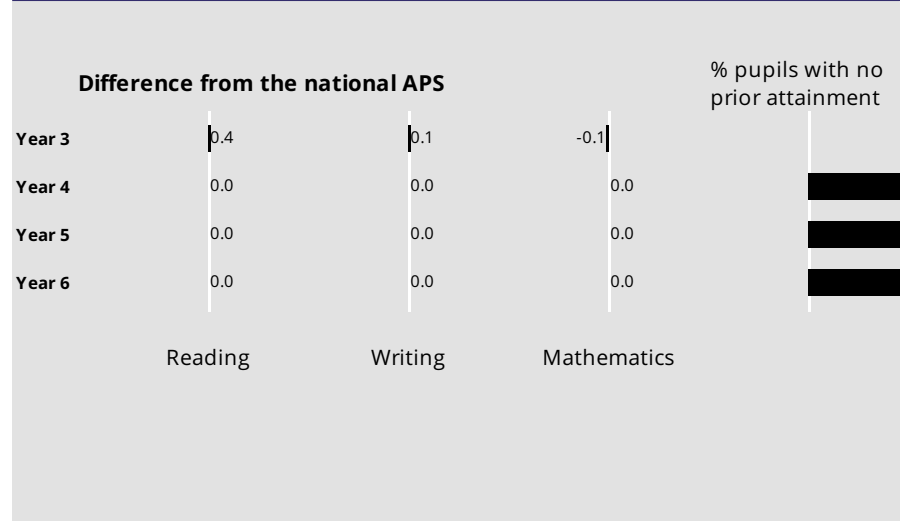

Prior attainment is calculated using points equivalent to whole levels. For % free school meals, % SEN and % girls, a red line shows the national figure for primary schools overall, not for each year group.
