

## School Council Minutes: 14.12.15

### Feedback from last week's meeting:

☺ School Councillors will be informing their class about the option to vote for your favourite school dinner, which is available on our website - so please use this facility.

☺ More bins are coming to the outside areas of the school - thank you for raising this issue.

### Ideas shared:

We have had citizen suggestions

Yr 5: more outdoor equipment such as: climbing frame, a web-like rope activity and a slide.

Also to have at the end of each year in the Hall memories of Year 6: their photo and signature - to sign as they go.

Yr 6: fruit salad selling day on Monday after school

Yr 3: art and music clubs in the summer run outside.  
Timmy is organising getting 'funny' books for the outside book boxes.

Yr 4: suggested that the books outside need a lot of monitoring and they will be devising a set of rules for us.

Other club ideas include: reading, sewing art and an animal club.

Award ideas: Best Learner award maybe every  $\frac{1}{2}$  term and certificates for KS1 Maths challenge chn

Children from year 4 and 6 say a massive THANK YOU for their new classroom dictionaries.

Finally - school councillors wondered whether we could have more art and project work as homework. They will be doing a survey of their classes to see what the children think of this idea.
