- L2R
- Mrs Sweet singing

RE

- How did it all start?
- What can we learn from religious texts?
- What are the 5 Pillars of Islam?
- Am I always right?
- What do we believe?

Computing

- (e) Safeguarding
- Media
- Data Handling
- Information Literacy
- Computer Science

Maths

- Number (number and place value, addition and subtraction, multiplication and division)
- Fractions, decimals and percentages
- Measurement & Geometry (shape)
- Geometry (position and direction) & Statistics

Geography & History

- Maya Civilisation
- North & South America
- War of the Roses
- Fieldwork

Year 5 Curriculum Overview

English

Throughout the year the vehicle for learning will be carefully selected books which will allow children to access a range of literature. These books, both fiction and non-fiction, will provide the stimulus for a range of writing opportunities with different audiences and purposes. Further to this, the more technical elements of the curriculum will be taught as part of this work.

All topics are subject to change and things may be removed or added! This applies especially to Art and DT as we often link this to our science, History and Geography. We also welcome ideas, help and support from parents! If you have a talent or skill please share as we are always looking for experts. We are always happy to answer questions or discuss things in more detail. Thank you for all your support and we look forward to working together.
