Since Easter 2015, both KS1 and KS2 have been following a programme of athletics, striking and fielding activities including rounders and cricket. Activities of Gym and Dance that have yet to be completed on rotation are also included in Yr 5 and 6.

The essence of the rotation is to build upon a foundation of skills and develop a simple understanding of rules in years 3 and 4, which in turn allows for developing competitive tactics during years 5 and 6.

KS1 are following a simple athletic rotation which focuses on the fundamentals of Running, Throwing and Jumping. They have also been split into 3 classes and have been grouped according to skill level.

Activity	KS1 Summer Term 2015		
1&2 A	Running	Jumping	Throwing
1&2 B	Throwing	Running	Jumping
1&2 C	Jumping	Throwing	Running

Reasons behind this approach at this time of year are; to prepare the children for sports day and transition into the KS2 rotations in September.

Extra curricular:

October 2014 – 52% of KS2 were participating in an extra – curriculum sports' club

June 2015 – over 75% of KS2 have participated in an extra curriculum club or have represented the school in a competitive fixture.

35% of KS2 participate in a club outside of school.

This has been a great year for PE and sport at Hempstalls. We have been able to provide the children with a range of sports within their PE lessons; we have also offered a vast array of extra-curriculum sports clubs with fixtures and external competitions.

Hempstalls PE 2014 – 2015 Activity Update and use of PE Pupil Premium

The PE Pupil Premium

The PE Pupil Premium 2014 – 2015 has been used to:

1. Fund a trained PE specialist to work with non-PE specialists to help coach, plan and support the quality of teaching in PE
2. Fund an outside PE company to work with Early Years staff to provide Physical Development opportunities for all children within Nursery and Reception. In addition to further enhance the skill level of staff.
