

School Council Minutes: 1.2.16

☺ Thank you for the feedback regarding the Children's Improvement Plan - the information will be looked at and shared on display soon.

Some school councillors will be visiting Lexden school council next week and will report back on their findings.

Suggestions included:

Year 1 are happy with everything at the moment

Year 2 want to promote their work further in class and will be asking Mr A for more time for school council issues

Year 3 suggested having an Art/Music room and now they need to go back to their class to find out *where* this could go!

Year 4 would love to have an Art Club (run previously by Miss Burr) - enquiries are being made

Year 5 wondered about having a running club? Maybe soon

Year 6 would like an animal club - different species - have a guinea pig in the field where children can look after it

Ideas shared:

We have had citizen suggestions

Can we have sensor taps so that if you have dirty hands you don't have to touch the tap?

Checked understanding of the 'free-flow' system at dinner/lunch times

Discussed the role-play opportunities that are on offer in English lessons and other lessons as all children really enjoy these
