

### Y3/4 Curriculum Timetable

The school day is divided into two halves. In the morning, the Y3/4 children focus on English and maths to ensure that they have the basic skills that are required to apply across the curriculum.. As we have a topic based curriculum, the children are offered a range of learning experiences that are linked to the over arching theme of the term or half term. We ensure that all children have two hours of PE and have one ICT slot where they are taught skills that can be incorporated across the rest of the curriculum to support and enhance their learning. The children in a morning are taught in pure year groups to decrease class sizes and enable staff to personalise the curriculum to meet the needs of all children.
