

Mental Calculation

Early years

Count how many things are in the fridge

Go for a walk and count how many jumps, claps or steps you can make

Early years

Play games which involve calculating scores e.g. bowling, darts, tennis, cricket

Primary - First/Second level

Handle amounts of money when shopping; calculate the total costs

Primary - First/Second level

Calculate the price to fill up the car tank with petrol or how much it will be for a journey

Secondary - Third/Fourth level

Estimate total cost and amount of change to help work out correct change by mental calculation. Estimate costs for buying several items – will I have enough money?

Secondary - Third/Fourth level
