

South East in Bloom Awards

We are celebrating after winning GOLD in the prestigious South and South East in Bloom awards!

In Bloom judge Chris Murphy said “This is a very impressive entry. The children are enthusiastic and knowledgeable. There is very good provision of natural areas in the grounds for both play and the discovery of wildlife and habitats. The use of the school grounds as an outside classroom and learning resource is quite simply outstanding.” The grounds boast ponds, orchard, world garden, World War II garden, a fairytale forest, Iron Age, Mesolithic and Neolithic roundhouses and vegetable gardens. They also have chickens and have planted hundreds of trees, bulbs and wildflowers.

Adam Sutton, Headteacher, said “We’re really proud to achieve this prestigious award and to be recognised as providing an excellent outside learning environment for our children. The Gold medal is testament to the hard work of former head Charles Davies and all the staff at Moulsecoomb Primary School.”

Parent governor Warren Carter who also runs Moulsecoomb Forest Garden project said “The transformation of the school grounds over the years has been remarkable and relentless and gives endless opportunities for children to learn outside the classroom. Sitting in the school fields you would never know the school is next to the noisy Lewes Road. I am proud to tell people that my children go to such a fantastic school.”

Warren Carter

Parent / Co-opted Governor of Moulsecoomb Primary School
