

Read, Write Inc.

What is Read Write Inc?

Read Write Inc. is a synthetic phonic programme which intends to create enthusiastic readers and confident speakers by the age of 6! Through a well-planned system, built on pace and lots of positive praise, children are taught to talk, read and write. This begins with initial sounds, blending these to read words and sentences, progressing to reading sentences and even books! All children actively participate in each lesson, using enjoyable active methods and partner teaching so that not only do they learn but they teach each other, making the learning more permanent!

Read Write Inc. happens on three days per week, following a timetable which builds on learning throughout the week, each day children develop their phonic knowledge of sounds which they apply in writing and reading. They then read and talk about a story and on the third day, they write about it!

This begins in Reception with the initial sounds and continues until the beginning of Year Two, **for most children**. Children are assessed roughly every eight weeks and are grouped according to their ability, these groups are often changing regularly due to the nature of children making rapid progress!

If you have further questions, please do not hesitate to speak to your child's class teacher or the Read, Write Inc manager.
