

School Council Minutes: 14.3.16:

School Council will be delivering an Assembly this week - we discussed what we should talk about:

We will share the processes that we go through; what we have to follow to get ideas implemented and how we then support making the school an even better place - eg. School notice board; adoption; visiting other schools - Our school council shows democracy in action through a variety of ways that include: voting on issues, sharing ideas, listening to others whose opinions differ from our own.

- ☺ We have received lots of suggestions for the Citizenship Award
- ☺ We then discussed lots of ideas about how the free entry to Colchester Zoo tickets could be allocated - let's wait and see which suggestions are chosen!
- ☺ Another suggestion was to run a school quiz again - raising money for 'Project Pool' - this would allow children to take part and share their knowledge in a fun way - £1 to enter.
- ☺ The Talent Show was asked about again - there will be one in the Summer Term - details will be given out during the summer and not before.
- ☺ House Assembly - have one every term as well please! - There will be one next week -
