

ENHANCED

Lakeside Primary School is celebrating after being granted "*Enhanced Dyslexia Full Status*".

It is one of only 11 schools in the county of Staffordshire - out of 409 - to achieve the standard which recognises the "consistently inclusive" approach taken.

The commitment and effort that is required to achieve this award is due to the hard work of all staff and acknowledges the high provision within the school. It is recognition of the further development of good practice in teaching and learning across the school to support all children's learning and the specific support provided for children who have difficulties with aspects of reading, writing and spelling.

"The care that the school takes with pupils whose circumstances make them vulnerable is exemplary. The school works closely with outside agencies to support the social, emotional and academic needs of such pupils." Ofsted, June 2015.
