

## **Withdrawn place policy**

As stated in the parent contract if parents do not pay their fees it is care Clubs right to withdraw a child's place.

If a child's place has been withdrawn from Care Club for whatever reason parents will be given written confirmation with an explanation as to why the place has been removed.

If parents arrive on a morning after their child's place has been withdrawn they will be refused entry. If parents have not arranged care for their child after their place has been withdrawn from the care club they will not attend the club and may be left in school.

This will then be the responsibility of the school to source where the Child should be and who is providing care for them. (See attached school policy)

This situation could be upsetting and distressing for the child concerned and this is a last resort and hope this will be avoided by parents arranging payment plans with the Care Club.

School support this policy.
