JESUS

JUDGED!

Jesus on the cross

Last Friday, in Jerusalem, Jesus was pulled into court. Around noon, there has been massive arguments and discussions about if, or not, Jesus is guilty! Read on to find out more...

Pontus Pilat made his final decision. Guilty! Although Jesus, who is supposedly son of God, has done

nothing wrong, the people have spoken. Here is an opinion about this disaster from a local farmer called David. Jesus must die! He hasn't forgone his destiny to release us! However, Jesus' disciples are still faithful towards Jesus, and even some people in high places still follow Jesus! What do you think?

Even though Jesus was a normal prisoner, he was nailed to the cross instead of being tied to the cross like the two other two thieves next to the Son of God! Blood as red as the devil himself poured from Jesus Christ's hands and feet!

He was severely injured
and in a matter of hours dead!
Mary, who is Jesus's mother, sunk
to her knees crying!

'Halalug yuyah! The King has risen!
Said Mary Magdalene two days
after Jesus' death claiming to
have seen Jesus! Miraculously,
Jesus has come to life: even
after being crucified! How has
he come from the dead? Maybe
he is the son of God after all..
