

Staying Street Safe

Green Cross Code

Walking

When walking to school, to your friend's house or anywhere in between, use the pavement where there is one. It's important to follow simple rules before crossing any road. These rules are called the **Green Cross Code**.

- 1** First **find a safer place** to cross, then **stop**.
- 2** **Stand** on the pavement, but not too close to the edge of the kerb.
- 3** **Look and listen** in all directions for any traffic and **think** about what you are doing.
- 4** **Cross** when there is no traffic and there is **enough time** to get to the other side without running. If you are unsure don't cross.
- 5** **Keep looking and listening** for traffic as you cross the road.
- 6** **Walk** straight across the road. Do not run.

Selected by Christiano

This is important because everyone needs to be able to cross the road and be safe.
