Other comments made about our school by the parents/carers

We are very much thankful for the support of the staff and the management of the school and very much satisfied.

I would like to thank all staff for helping and supporting my child.

Very many thanks for the teaching of my son Yy .

Newbridge has fully changed XX's life not just in school but at home life as well. Xx is very keen to go to school and is always talking to me about school and staff he likes that week. Xx is always invited to clubs and trips outside school hours, something that we have welcomed. Xx development on the whole has really progressed, I couldn't find fault with the school down to adapting things to meet Xx's needs whilst I school but also giving us resources to do the same at home. Xx has come so far and I'm looking forward to what this

year has in store for us- staff from head to teacher, support staff, cleaners etc. are all working as one with goal to see the child reach their potential. Amazing School 😊

AA has fun coming to school and seeing his friends.

I am very happy that my child is attending this school. He enjoys going to school and the school nurse and teachers are always supportive to us both. They have always listened to my suggestions and they do their very best to ensure that my child's needs are met. The nurse has been my rock and I don't know what would happen if he went to a school without this support.

My daughter is new in the school. I have many things to learn about genes.
