

Donna Griffin- Staff Governor

I manage Rodney House Pre- school Outreach Team. My team joined Rodney House in April 2013, shortly after I became a governor. The team have worked closely with the staff at Rodney House for many years before this. Being a governor has given me the opportunity to see the role and support the governors play in making Rodney House an outstanding provision and recognise how hard the staff team work, both in the assessment provision and outreach services to continue this.
