

Angela Stansfield- Chair—Community Governor

I am a community governor and Assistant Head at Acacias Community Primary School. I have had a long association with Rodney House since my oldest son was one of the first playgroup children in 1997, his two brothers also attended the RH playgroup. My school and Rodney House have worked closely together for many years, sharing expertise and supporting each other where possible. I am an accountant by training but have worked in education for over 11 years.
