

### **Solange Timms- Parent Governor**

I am new to the role of parent governor. I have two boys, one who currently attends the Hallam Road base and one who previously has. As a parent I continue to experience the invaluable work and input that is carried out by Rodney House School. I am passionate about early intervention for children with additional needs and am honoured to serve on the governing body. Before having my boys I worked as a cabin crew trainer and in-flight supervisor for many years. I am originally from Dublin, Ireland and have been living in Manchester with my husband and family for almost ten years.
