

# Spring Term 1 and 2

## Real Life Web

### Class 1

#### **English:**

##### Fiction Unit – A Twist in the Tale

Children could create and describe their own character for their own story.  
Describe a person/pet in their family.  
Children could role play news reporters planning, editing, writing and performing their own fairy tale stories.

##### Non-Fiction Unit – Growing Chocolate

Children could create a newspaper identifying opinions and facts on the Big Question: Does chocolate grow on trees?  
Children could plan and write their own interview research questions to find out more information.

##### Poetry Unit – A Closer Look

Children could use well known fairy tale characters and describe them using adjectives and verbs for a wanted poster.  
They could draft, edit and compose their own poem book with poems about different objects, people and animals in both Class 1 and Class 2.

#### **Math: Spring 1**

##### Week 1 Class 1

Write birthday cards for friends and family showing what age they'll be next. Play snakes and ladders, identifying the number they will land on before they move.

##### Week 2 Class 1

Double prices in a shop. Hand out 'sweets' and they must subtract 2 from their pile but guess how many will be left over.

##### Week 3 Class 1

Count objects around the room. Play counting games where they must add number onto a 2-digit number before moving.

##### Week 4 Class 1

Create packages for a new cereal type. Form simple nets to make a dice.

##### Week 5 Class 1

Estimate how many objects (e.g. animals) are in the sand/water area.

#### **Math: Spring 2**

##### Week 6 Class 1

Role play a restaurant where children must half and quarter different foods. When filling cups of milk ask children to fill them half way.

##### Week 7 Class 1

Set up prices in a shop. Children must double the prices to make more money.

##### Week 8 Class 1

Children could write a diary recording days of the week. Create a time table for the school day using different times.

##### Week 9 Class 1

Count objects around the room. Play counting games where they must add number onto a 2-digit number before moving.

##### Week 10 Class 1

Write birthday cards for friends and family showing what age they'll be next. Children could tell the weather discussing the temperature and how it might change by 1 or 2 degrees.
