Warden Park Academy: Consistent Sporting and Academic Winners

To continue this national, regional and local success through our 60th year into the next 60, we are offering sponsorship opportunities towards a new Floodlit 3G Artificial Grass Pitch. With 900 families, plus local businesses and a wide throughput of regular user clubs and organisations as our key stakeholders, our sporting success will get your company name in front of a wide audience.

Recognised as a leading state secondary school for sports, your sponsorship will help us improve our facilities for students of all abilities and to excel further with a World Class sports facility, available to the community via our strong local club links.

With negotiable opportunities for a range of budgets (from £200 for an advertising hoarding right up to full naming rights), your opportunity to help make this exciting new project a reality through a business sponsorship package starts with the contact details opposite. We look forward to hearing from you soon to discuss suitable options and the kind of audience we can deliver for your brand.

(We receive no government funding for additional projects over and above our annual settlement to run the academy day-to-day. Our students do not pay fees.)

Associate Your Business with Our Sporting Success

We have a range of options on offer

Business Advertising; Business Sponsorship Deals; Facility Naming Rights

email sponsorship@wardenpark.co.uk to discuss a suitable package to get your business noticed by our audience of 900 families and other community partners.

Other ways to contribute:

Simple Donations

email donations@wardenpark.co.uk for details of how to donate and what you will receive in return

Facility Hire for Clubs

email jbeck@wardenpark.co.uk for availability details

For an initial discussion on any of the above, please call

Howard Collins, Funding Manager

01444 476551 or email: hcollins16@wardenpark.co.uk
