Water Safety

You may have heard about the tragic death of a pupil from St. Anne's Academy, who died recently after falling into the canal in Middleton. Our hearts go out to his family at this very sad time.

I have, with the help of one of our parents, organised for a series of assembly and activities for our children to be more aware of the dangers when near water.

Please help by reminding your child about the dangers and help them to enjoy water activities safely during the summer months.

Next Year's Classes and Staffing Arrangements

Next week we will share with the children, and with you, the plans for September's classes.
