May 2016

This year our JTA team organised another successful Walk to School. **Almost every** single student in each class walked to school so they got our much sought after walk to school badges. Our results show how amazing we were at walking to school (including our Glorious Leader A.K.A Mr Bastion).

Luckily we have a hard working team to make sure everybody walks. We even got our leader Mr Bastion to walk! (He walks every day anyway.)

We advise you to walk .Our reason is it keeps you fit and healthy!

WHY IS PARK AND STRIDE SO IMPORTANT

A park and stride scheme is ideal for families living too far away from school, to be able to walk.

HOW DOES PARK and STRIDE WORK?

Parents are encouraged to park a good distance away from the school and walk the last five or ten minutes.

They may park in a pub or in a supermarket car park with the agreement of the owners or just in a quiet side street.

Most people now park their car in Northwick Park Car Pak and walk from there.

Thanks for your fantastic support. The JTAs really appreciate it.

Look out for us on our next patrol!
