

Lower Key Stage 2 Newsletter

Summer Term II 2016

Hello Parents and Carers,

We hope you had a great half term holiday. Here is our final Lower Key Stage 2 half termly newsletter for this academic year. We hope you have had plenty of fun trying our activities at home over the year and thank you for your interest. The topic this half term continues to be 'All About Us'. Let's enjoy lots of summer learning!

English

- * Keep a diary of your day in school and at home. Add drawings.
- * Write down a recipe for a favourite treat. Role play a tea party!
- * Play treasure hunt looking for your favourite toys hidden in a sand tray.
- * Using Youtube sing songs about teeth brushing.

This half term we are continuing to read:

Maths

- * Measure the length of your arms, legs and feet in pencils/spoons/toothbrushes. Then measure your family members' body parts.
- * Play shop, ask your family to 'buy' food items/ toys /clothes. How much change do they need?
- * Collect a pair of shoes from each member of the family/ friends. Which ones are the smallest/largest? How many pairs are there?
- * Have a close look around the house, find object in the shape of a triangle, square, circle and a rectangle. Can you point to and count how many corners?

Understanding the World

- * The Science topic continues to be 'Humans'.
- * Make a poster/collage using magazine photos of things that make us healthy, for example: food, water, sun and being clean. Role play bathing a dolly/ teddy bear.
- * Draw around your body on a large sheet of paper. Can you name/label your body parts? Add features on your face including the eyes, mouth, nose, ears and the hair.
- * Set up feely and smelly boxes using old shoe boxes with a hole cut in the front to put your hand through. Fill them with objects collected from home or out and about. Listen to calming music

Developing the Arts

- * Have a mirror in front of you and study your face then draw a self-portrait.
- * Look at paintings by Salvador Dali on the internet/ go on a trip to Tate Modern to look at his paintings. Choose your favourite painting by the artist and copy a chosen shape/objects you can see in the painting. Make marks with strings dipped in paint over an A3 photocopy of Dali's painting.
- * Create a dance routine to your favourite calming song.
