The Sculptors

I dreamt I stood in a studio

And watched two sculptors there

The clay they used was a young child's mind

And they fashioned it with care

One was a teacher ,the tools he used

Were books and music and art.

One was a parent with a guiding hand

And a gentle loving heart.....

.....And each agreed they would have failed

If they had worked alone

For behind the parents stood the school

And behind the teacher, the home

See you in September
