

Parent / Carer Acceptable Use Agreement

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies provide powerful tools, which open up new opportunities for everyone. They can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

This Acceptable Use Policy is intended to ensure:

- that young people will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- that school / academy systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- that parents and carers are aware of the importance of e-safety and are involved in the education and guidance of young people with regard to their on-line behaviour.

The school will try to ensure that *pupils* will have good access to digital technologies to enhance their learning and will, in return, expect the *students / pupils* to agree to be responsible users. A copy of the Student / Pupil Acceptable Use Policy is attached to this permission form, so that parents / carers will be aware of the school expectations of the young people in their care. Pupils in Reception and Year 1 will have their Pupil Acceptable Use Policy countersigned by a parent / carer.

Parents are requested to sign the permission form below to show their support of the school in this important aspect of the school's work.

Permission Form

Parent / Carers Name Pupil Name

As the parent / carer of the above pupil, I give permission for my son / daughter to have access to the internet and to ICT systems at school.

I understand that the school has discussed the Acceptable Use Agreement with my son / daughter and that they have received, or will receive, e-safety education to help them understand the importance of safe use of technology and the internet – both in and out of school.

I understand that the school will take every reasonable precaution, including monitoring and filtering systems, to ensure that young people will be safe when they use the internet and ICT systems. I also understand that the school cannot ultimately be held responsible for the nature and content of materials accessed on the internet and using mobile technologies.

I understand that my son's / daughter's activity on the ICT systems will be monitored and that the school will contact me if they have concerns about any possible breaches of the Acceptable Use Policy.

I will encourage my child to adopt safe use of the internet and digital technologies at home and will inform the school if I have concerns over my child's e-safety.

Use of Digital / Video Images

The use of digital / video images plays an important part in learning activities. Pupils and members of staff may use digital cameras to record evidence of activities in lessons and out of school. These images may then be used in presentations in subsequent lessons.

Images may also be used to celebrate success through their publication in newsletters, on the school website and occasionally in the public media,

The school will comply with the Data Protection Act and request parents / carers permission before taking images of members of the school. We will also ensure that when images are published that the young people can not be identified by the use of their names.

In accordance with guidance from the Information Commissioner's Office, parents / carers are welcome to take videos and digital images of their children at school events for their own personal use (as such use is not covered by the Data Protection Act). To respect everyone's privacy and in some cases protection, these images should not be published / made publicly available on social networking sites, nor should parents / carers comment on any activities involving other pupils in the digital / video images.

Parents / carers are requested to sign the permission form below to allow the school to take and use images of their children and for the parents / carers to agree

Digital / Video Images Permission Form

Parent / Carers Name

Pupil Name

As the parent / carer of the above pupil, I agree to the school taking and using digital / video images of my child / children. I understand that the images will only be used to support learning activities or in publicity that reasonably celebrates success and promotes the work of the school.

Yes / No

I agree that if I take digital or video images at, or of, – school events which include images of children, other than my own, I will abide by these guidelines in my use of these images.

Use of Cloud Systems Permission Form

Google Apps for Education:

The school uses Google Apps for Education for **pupils** and staff. This permission form describes the tools and pupil responsibilities for using these services.

The following services are available to each **pupil** and hosted by Google as part of the school's online presence in Google Apps for Education:

Mail - an individual email account for school use managed by the school

Calendar - an individual calendar providing the ability to organize schedules, daily activities, and assignments

Docs - a word processing, spreadsheet, drawing, and presentation toolset that is very similar to Microsoft Office

Sites - an individual and collaborative website creation tool

Classroom – a tool enabling the setting and completion of assignments in school and at home

Drive – an online space where work can be stored and retrieved

Using these tools, **pupils** collaboratively create, edit and share files and websites for school related projects and communicate via email with other pupils and members of staff. These services are entirely online and available 24/7 from any Internet-connected computer. Examples of pupil use include showcasing class projects, building an electronic portfolio of school learning experiences, and working in small groups on presentations to share with others.

The school believes that use of the tools significantly adds to your child's educational experience.

As part of the Google terms and conditions we are required to seek your permission for your child to have a Google Apps for Education account:

Parent / Carers Name

Student / Pupil Name

As the parent / carer of the above pupil, I agree to my child using the school Google Apps for Education.

Hwb+:

Welsh Government has developed a new learning platform called Hwb+ and the school will be using parts of this platform to enhance learning across the curriculum.

Hwb+ will provide a secure learning platform where the children can personalise their own page with avatars and themes and access and create online content including blogs, wikis, surveys and discussions. Hwb+ will also include Microsoft Office 365 (including e-mail, Word, Excel and Powerpoint) as well as a homework dropbox where children can send in documents they have created at home. As with Google Apps for Education, the platform allows for collaboration with classmates, teachers and other pupils across Wales.

Hwb+ is a secure and private area – only authenticated users will be able to view the work on the site.

Parent / Carers Name
