Trustees' report
for the year ended 31 August 2014

The Trustees (who are also directors of the charity for the purposes of the Companies Act) present their annual report together with the audited financial statements of Cliffe Woods Primary School (the academy) for the year ended 31 August 2014. The Trustees confirm that the Annual report and financial statements of the academy comply with the current statutory requirements, the requirements of the academy's governing document and the provisions of the Statement of Recommended Practice (SORP) "Accounting and Reporting by Charities" issued in March 2005.

The trust operates an academy for pupils aged 4 to 11 serving a catchment area in Cliffe Woods. It has a pupil capacity of 315 and had a roll of 337 in the school census in January 2014.

Structure, governance and management

a. Constitution

The Academy is a company limited by guarantee and an exempt charity. The charitable company's Memorandum and Articles of Association are the primary governing documents of the Academy Trust.

The academy is constituted under a Memorandum of Association dated 06/06/11.

The trustees of Cliffe Woods Primary School are also the directors of the charitable company for the purposes of company law. The charitable company is known as Cliffe Woods Primary School.

Details of the trustees who served during the year are included in the Reference and Administrative Details.

b. Members' liability

Each member of the charitable company undertakes to contribute to the assets of the charitable company in the event of it being wound up while they are a member, or within one year after they cease to be a member, such amount as may be required, not exceeding £10, for the debts and liabilities contracted before they ceased to be a member.

c. Method of recruitment and appointment or election of Trustees

The processes for appointing or electing the various types of Trustee at Cliffe Woods Primary School are as follows:

1) Appointed Trustees – The Members of Cliffe Woods Primary School have the right to appoint up to ten Trustees. Such appointments are usually made following consultation by the Members with the Trustees of the School.

2) Parent Trustees – The Articles of Association require that there shall be a minimum of two Parent Trustees. Parents, including carers, of registered pupils at the School are eligible to stand as individuals for election as a Parent Trustee. They are elected by other parents at the School as individuals who are representative of the parental body. Suitable procedures have been put in place for the conduct of Parent Trustee elections.

If insufficient parents stand for election, the Members must appoint Parent Trustees to bring their numbers up to that required by the Articles of Association. Such appointed Parent Trustees would preferentially be parents or carers of registered pupils at the School. If, however, no such parents are willing to undertake the role then the Trustees can appoint any person who is the parent or carer of one or more school-age children.

3) Staff Governors – A minimum of two Staff Trustees are elected by the School staff as individual representatives of the staff of the school. Both teaching and support staff paid to work at the school are eligible to be Staff Trustees.

CLIFFE WOODS PRIMARY SCHOOL
(A company limited by guarantee)

Trustees' report (continued)
for the year ended 31 August 2014

The Principal shall be treated for all purposes as being an ex-officio Trustee. Staff Trustees should not exceed one third of the total number of Trustees.

Additionally, the second Staff Trustee place is reserved for a member of the School's support staff, but if no member of the support staff stands for election then a teacher can be elected to take that place.

Suitable procedures have been put in place for the conduct of Staff Trustee elections.

4) Local Authority Trustees – The Local Authority may appoint a Local Authority Trustee.

5) Co-opted Trustees – Up to three Co-opted Trustees can be appointed by the Trustee Body if they have experience and/or expertise of particular benefit to the school. Following an identification of specific needs suitable candidates are identified by the Trustee Body and approached accordingly.

A "Co-opted Trustee" means a person who is appointed to be a Trustee by being co-opted by Trustees who have not themselves been so appointed.

The Trustees may not appoint an employee of Cliffe Woods Primary School as a Co-opted Trustee if the number of Trustees who are employed by the School (including the Principal) would thereby exceed one third of the total number of Trustees.

d. Policies and procedures adopted for the induction and training of Trustees

Following their appointment/election, all new Trustees receive an introduction to their role from the Chairman and Principal, this introduction includes tours of the School's site and the opportunity to meet other members of the Senior Leadership Team.

The Board of Trustees at Cliffe Woods Primary School is committed to providing adequate opportunities for Trustees to undertake and receive suitable training so as to enable them to undertake their role more effectively.

To this end the Board of Trustees maintain a Service Level Agreement with the Medway Council's Governor Services Department. This Agreement allows for any or all of the Members of the Board of Trustees to attend any of the training courses provide by Medway Council.

All new Trustees are actively encouraged to take advantage of this Agreement so as to gain a better understanding of the role and responsibilities of being a School Trustee. Additionally Trustees with specific roles within the Board of Trustees are strongly encouraged to undertake specific training.

e. Organisational structure

At Cliffe Woods Primary School the majority of the roles and responsibilities of the Board of Trustees have been delegated to a small number of committees. The full Board of Trustees has retained responsibility for certain aspects. Members of the Management Team, in addition to the Principal (Accounting Officer), attend trustee meetings as appropriate.

The Trustees are responsible for the strategic management of the School; deciding and setting key aspects of the School, including strategic direction, annual budgets, senior staff appointments, policy changes etc. Operational management is the responsibility of the Principal and staff.

School policies are developed by senior members of the school's staff, to reflect both the strategic direction agreed by the trustees and also statutory requirements. These policies are approved and adopted by the Board of Trustees, and implemented as procedures and systems by the Management Team and other designated members of staff.

We engage our auditors to address the board of trustees annually.

for the year ended 31 August 2014

f. Risk management

The School has been undertaking a comprehensive assessment of possible risks to the future of the Academy (Risk Register).

The chief risks identified include:

Variations year on year in the numbers of pupils joining the School at Year R, with a possible negative effect upon funding levels.

Year on year reductions in the funding of students, totalling approximately 5% over the next three years.

Deficit in the Local Authority Pension Scheme, possible increase in employer's contribution rates.

The completed risk assessment was brought before the Finance Committee. Systems and procedures are being developed to manage and mitigate these risks.

g. Trustees' indemnities

Directors and Officers Liability cover is provided by QBE Insurance (Europe) Ltd, policy number Y059742QBE0114A, policy period 01 July 2014 - 30 June 2015 to the level of £1,000,000 with an excess of £1000 for each and every loss. Cover is provided for both the School and individuals.

h. Principle activities

The principle activity of Cliffe Woods Primary School is to provide a quality, free education for children aged 4 to 11, who live in the area local to the School.

Objectives and Activities

a. Objects and aims

The principle object and activity of the charitable company is the operation of Cliffe Woods Primary School to provide education for pupils between the ages of 4 and 11.

b. Objectives, strategies and activities

The Academy Trust was set up on 1 July 2011 to advance, for the public benefit, education in the Cliffe Woods area.

An initial objective was to ensure a smooth and seamless conversion of the School from local government control to Academy status. In doing this the Trustees determined to maintain the traditional ethos, values, standards and achievements of the school, whilst continuing to work to fulfil the School's medium and longer term development plans.

c. Activities for achieving objectives

The aims of the school rest on the following principles:

The school believes that all students have various talents that need encouragement to develop and that the need for a working environment which secures effective teaching and learning, and values achievement by all students in their social, moral, spiritual, cultural, mental and physical development.

CLIFFE WOODS PRIMARY SCHOOL
(A company limited by guarantee)

Trustees' report (continued)
for the year ended 31 August 2014

Cliffe Woods Primary School therefore aims to encourage students to:

- Become confident, independent learners, well-equipped for lifelong learning.
- Derive enjoyment from their learning which should extend their intellectual capacity, develop their interest and stimulate their curiosity.
- Embrace the many opportunities afforded by developments in information and communication technologies, whilst fully accepting the responsibilities that go with using them properly.

- Engage in a broad programme of experiences which enable them to appreciate their cultural inheritance and to understand more about themselves and the world in which they live.
- Develop the capacities to make informed, rational and responsible decisions and to work in ways which enhance their self-respect and sensitivity to the needs of others, particularly those less advantaged than themselves.
- Show respect for each other and all people working in the school, and to appreciate the diverse talents that contribute to the school community.
- Play a full part in creating a caring, supportive school environment.
- Develop a range of reasoned beliefs and values and a sympathy and respect for those held by others, which will prepare them to become considerate and responsible citizens.
- Display self-discipline and proper regard for authority.
- Foster good behaviour and avoid forms of bullying

d. Public benefit

The Trustees have considered the Charity Commission's guidance on Public Benefit. The key public benefit delivered by Cliffe Woods Primary School is the maintenance and development of the high quality education provided by the School, to the young people of Cliffe Woods and the surrounding areas.

In doing this Cliffe Woods Primary School not only offers a broadly-based academic education but aims to educate the whole individual. A very wide-range of extra-curricular activities, educational trips and visits are offered and undertaken.

Strategic report

Achievements and performance

Cliffe Woods Primary School has high aspirations and has consistently been one of the top performing primary schools in the Local Authority. All results exceed local and national averages. Key Stage Two Results for 2013/14

- 36% of Year 6 transferred to Grammar School.
- 2 levels progress achieved in Reading 98%, Writing 98% and Mathematics 94%
- 92% of children achieved at least Level 4 in both English and Mathematics
- Level 5+ scores also well above local and national average, Reading 47%, Writing 40% and Maths 63%
- 14% of children achieved Level 6 Mathematics.

a. Key financial performance indicators

Cliffe Woods Primary School recognises the responsibility that it has under the Companies Act 2006 s417 to disclose the principle risks and uncertainties it faces. The school acknowledges that its ability to continue to provide for pupils the continuing advancement of education it is reliant upon the agreed public funding levels, distributed to the school in the form of a General Aggregate Grant. The school acknowledges that its planned level of expenditure must not exceed the school's known income now and the future forecast income. In doing so it pays due regard to the high proportion of costs based on wages and any forces influencing rising wage costs. Cliffe Woods Primary School does have a defined pension deficit of £270,000.

Trustees' report (continued)
for the year ended 31 August 2014

b. Going Concern

After making appropriate enquiries, the Board of Trustees has a reasonable expectation that the Academy Trust has adequate resources to continue in operational existence for the foreseeable future. For this reason it continues to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the Statement of Accounting Policies.

Financial review

a. Financial and risk management objectives and policies

Most of the School's income is obtained from the DfE via the EFA in the form of its General Annual Grant (GAG), the use of which is restricted to particular purposes; i.e. the objects of the Academy Trust. The GAG received during the period covered by this report and the associated expenditure is shown as restricted funds in the Statement of Financial Activities.

Capital Grants (CG) were awarded to the School by the DfE to provide fixed assets, plus the Devolved Formula Capital Grant (DFC). In accordance with the Charities SORP 2005, the CG and DFC received is shown in the Statement of Financial Activities (SOFA) as restricted fixed asset funds.

On conversion on 1 July 2011, all of the fixed assets of the former school were transferred to the new Academy Trust, and are shown as restricted asset funds. The balance sheet restricted fixed asset fund is reduced by depreciation charges over the expected useful life of the assets concerned.

Expenditure for the period covered by this report was covered by the GAG received from the DfE and other income, such as voluntary income, activities for generating funds and investment income.

The combined General Restricted Fund and Unrestricted Fund show an operating surplus, before the actuarial losses on defined benefit pension schemes. This operating surplus is the result of detailed and tight budgeting and budget control procedures which were inherited from the former school, and which have been firmly embedded in the Academy Trust's daily financial management.

The Trustees are concerned with the large deficit that the Local Government Pension Fund is reporting.

b. Principal risks and uncertainties

The principle risks or uncertainties faced by Cliffe Woods Primary School are Financial, Health and Safety, Unexpected Loss or Damage and Safeguarding.

- a. The financial risk of the misappropriation of funds (fraud) is managed through meeting accepted financial standards that include the work of an internal auditor within school and the external audit.
- b. The financial risk of failing to be a going concern is met through due diligence of the Accounting Officer (Principal) and the Finance Manager, together with the scrutiny of the Trustees finance committee
- c. The school follows all known health and safety laws to ensure full compliance with the law
- d. The school has comprehensive and extensive insurance cover
- e. The School follows all statutory guidance for the protection of children

c. Reserves policy

Under its Funding Agreement with the Secretary of State for Education Cliffe Woods Primary School is allowed to hold reserves at the year end of 2% of its General Annual Grant (GAG) for expenditure of a recurrent nature and a further 10% for expenditure of a capital nature, including maintenance and refurbishment of the School's buildings and facilities.

CLIFFE WOODS PRIMARY SCHOOL
(A company limited by guarantee)

Trustees' report (continued)
for the year ended 31 August 2014

The Finance Committee has reviewed these reserve levels and believes that they should provide sufficient working capital to cover delays between spending and receipt of grants and to allow for unexpected situations such as urgent maintenance work. Under normal circumstances the Trustees would aim to maintain reserves of between 5% and 10% of GAG as an appropriate cushion.

d. Investments policy

Apart from the cash held for the operation of the School, Cliffe Woods Primary School has no realisable investments. With respect to its cash holdings the Board of Trustees have adopted a low risk strategy. In addition to the main current account the School maintains fixed term deposit accounts with variable interest rates depending on the length of deposit.

Plans for future periods

a. Future developments

Cliffe Woods Primary School will continue to work to maintain the performance of its students at all levels. Additionally, it will continue its efforts to improve the achievements of its students, not only in academic subjects but also in extra-curricular activities and in essential life skills so as to increase the number of opportunities open to its students when they move on to secondary education.

The trustees recognise that through good financial management, they have been able to improve significantly the quality of the school building; the investment in a new ICT suite, toilet refurbishments and double glazing has enhanced the school environment. We have also implemented a programme of fire door replacements, an intruder alarm system and phased replacement of classroom heaters which will make the building more compliant with ever changing regulations.

A programme to improve upon the teaching spaces available will be the main focus in the coming year.

Funds held as Custodian Trustee on behalf of others

During the period from 1 September 2012 to 31 August 2013 Cliffe Woods Primary School did not hold any funds as a Custodian Trustee on behalf of any other charitable organisation.

Disclosure of information to auditors

Each of the persons who are Trustees at the time when this Trustees' report is approved has confirmed that:

- so far as that Trustee is aware, there is no relevant audit information of which the charitable company's auditors are unaware, and
- that Trustee has taken all the steps that ought to have been taken as a Trustee in order to be aware of any information needed by the charitable company's auditors in connection with preparing their report and to establish that the charitable company's auditors are aware of that information.

Governance Statement

Scope of Responsibility

As Trustees, we acknowledge we have overall responsibility for ensuring that Cliffe Woods Primary School has an effective and appropriate system of control, financial and otherwise. However such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

The Board of Trustees has delegated the day-to-day responsibility to the Principal, as Accounting Officer, for ensuring financial controls conform with the requirements of both propriety and good financial management and in accordance with the requirements and responsibilities assigned to it in the funding agreement between Cliffe Woods Primary School and the Secretary of State for Education. They are also responsible for reporting to the Board of Trustees any material weaknesses or breakdowns in internal control.

Governance

The information on governance included here supplements that described in the Trustees' report and in the Trustees' responsibilities statement. The Board of Trustees has formally met 3 times during the year. Attendance during the year at meetings of the Board of Trustees was as follows:

Trustee	Meetings attended	Out of a possible

Governance Statement (continued)

The Purpose of the System of Internal Control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of Academy policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in Cliffe Woods Primary School for the year 1 September 2013 to 31 August 2014 and up to the date of approval of the annual report and financial statements.

Capacity to Handle Risk

The Board of Trustees has reviewed the key risks to which the Academy is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The Board of Trustees is of the view that there is a formal ongoing process for identifying, evaluating and managing the Academy's significant risks, that has been in place for the year 1 September 2013 to 31 August 2014 and up to the date of approval of the annual report and financial statements. This process is regularly reviewed by the Board of Trustees.

The Risk and Control Framework

The Academy's system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular, it includes:

- comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the Board of Trustees;
- regular reviews by the Finance and Buildings Committee of reports which indicate financial performance against the forecasts and of major purchase plans, capital works and expenditure programmes;
- setting targets to measure financial and other performance;
- clearly defined purchasing (asset purchase or capital investment) guidelines.
- delegation of authority and segregation of duties;
- identification and management of risks.

The Board of Trustees has considered the need for a specific internal audit function and has decided not to appoint an internal auditor. However, the Trustees have appointed Williams Giles Limited, the external auditors, to perform additional checks.

The auditors' role includes giving advice on financial matters and performing a range of checks on the Academy's financial systems. On a termly basis, the auditors report to the Board of Trustees on the operation of the systems of control and on the discharge of the Board of Trustees' financial responsibilities.

Review of Effectiveness

As Accounting Officer, the Principal has responsibility for reviewing the effectiveness of the system of internal control. During the year in question the review has been informed by:

- the work of the external auditors;
- the financial management and governance self-assessment process;
- the work of the executive managers within the Academy who have responsibility for the development and maintenance of the internal control framework.

The Accounting Officer has been advised of the implications of the result of their review of the system of internal control by the Finance and Buildings Committee and a plan to address weaknesses and ensure continuous improvement of the system is in place.

Statement on Regularity, Propriety and Compliance

As Accounting Officer of Cliffe Woods Primary School I have considered my responsibility to notify the Academy Board of Trustees and the Education Funding Agency of material irregularity, impropriety and non-compliance with EFA terms and conditions of funding, under the funding agreement in place between the Academy and the Secretary of State. As part of my consideration I have had due regard to the requirements of the Academies Financial Handbook (2013).

I confirm that I and the Academy Board of Trustees are able to identify any material, irregular or improper use of funds by the Academy, or material non-compliance with the terms and conditions of funding under the Academy's funding agreement and the Academies Financial Handbook (2013).

I confirm that no instances of material irregularity, impropriety or funding non-compliance have been discovered to date. If any instances are identified after the date of this statement, these will be notified to the Board of Trustees and EFA.

Trustees' responsibilities statement
for the year ended 31 August 2014

The Trustees (who act as governors of Cliffe Woods Primary School and are also the directors of the charitable company for the purposes of company law) are responsible for preparing the Trustees' report (including the Strategic report) and the financial statements in accordance with the Annual Accounts Direction issued by the Education Funding Agency, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the Trustees to prepare financial statements for each financial year. Under company law the Trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles of the Charities SORP;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The Trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees are responsible for ensuring that in its conduct and operation the charitable company applies financial and other controls, which conform with the requirements both of propriety and of good financial management. They are also responsible for ensuring grants received from EFA/DfE have been applied for the purposes intended.

The Trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Independent auditors' report to the Board of Trustees of Cliffe Woods Primary School

We have audited the financial statements of Cliffe Woods Primary School for the year ended 31 August 2014 which comprise the Statement of financial activities, the Balance sheet, the Cash flow statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and the Academies Accounts Direction 2013 to 2014 issued by the Education Funding Agency.

This report is made solely to the academy's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Academy's Members those matters we are required to state to them in an Auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Academy and its Members, as a body, for our audit work, for this report, or for the opinion we have formed.

Respective responsibilities of Trustees and auditors

As explained more fully in the Trustees' responsibilities statement, the Trustees (who are also the directors of the academy for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the academy's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Trustees; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Trustees' report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the academy's affairs as at 31 August 2014 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006 and the Academies Accounts Direction 2013 to 2014 issued by the Education Funding Agency.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Trustees' report, incorporating the Strategic report, for the financial year for which the financial statements are prepared is consistent with the financial statements.

Independent auditors' report to the Board of Trustees of Cliffe Woods Primary School

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Independent reporting accountants' assurance report on regularity to Cliffe Woods Primary School and the Education Funding Agency

In accordance with the terms of our engagement letter dated 16/11/12 and further to the requirements of the Education Funding Agency (EFA) as included in the Academies Accounts Direction 2013 to 2014, we have carried out an engagement to obtain limited assurance about whether the expenditure disbursed and income received by Cliffe Woods Primary School during the year 1 September 2013 to 31 August 2014 have been applied to the purposes identified by Parliament and the financial transactions conform to the authorities which govern them.

This report is made solely to Cliffe Woods Primary School and EFA in accordance with the terms of our engagement letter. Our work has been undertaken so that we might state to Cliffe Woods Primary School and EFA those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Cliffe Woods Primary School and EFA, for our work, for this report, or for the conclusion we have formed.

Respective responsibilities of Cliffe Woods Primary School's accounting officer and the reporting accountant

The accounting officer is responsible, under the requirements of Cliffe Woods Primary School's funding agreement with the Secretary of State for Education dated 01/07/11, and the Academies Financial Handbook extant from 1 September 2013, for ensuring that expenditure disbursed and income received is applied for the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance and are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the Academies Accounts Direction 2013 to 2014. We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the year 1 September 2013 to 31 August 2014 have not been applied to purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

Approach

We conducted our engagement in accordance with the Academies Accounts Direction 2013 to 2014 issued by EFA. We performed a limited assurance engagement as defined in our engagement letter.

The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity.

A limited assurance engagement is more limited in scope than a reasonable assurance engagement and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

Our engagement includes examination, on a test basis, of evidence relevant to the regularity and propriety of the academy's income and expenditure.

The work undertaken to draw to our conclusion includes:

- An assessment of the risk of material misstatement and irregularity
- Testing and review of areas identified through risk assessment including enquiry, inspection and review, observation and re-performance
- Review of system controls, policies and procedures in place to ensure compliance with the regularity regime
- Consideration of evidence obtained through the work performed as part of our audit in order to support the regularity conclusion

Conclusion

In the course of our work, nothing has come to our attention which suggests that in all material respects the expenditure disbursed and income received during the year 1 September 2013 to 31 August 2014 have not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

Notes to the financial statements
for the year ended 31 August 2014

1. Accounting policies

1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value. The financial statements have been prepared in accordance with the Statement of Recommended Practice (SORP), 'Accounting and Reporting by Charities' published in March 2005, the Academies Accounts Direction 2013 to 2014 issued by EFA, applicable accounting standards and the Companies Act 2006.

1.2 Fund accounting

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objects of the academy at the discretion of the Trustees.

Restricted fixed asset funds are resources which are to be applied to specific capital purposes imposed by funders where the asset acquired or created is held for a specific purpose.

Restricted general funds comprise all other restricted funds received and include grants from the Department for Education.

Investment income, gains and losses are allocated to the appropriate fund.

Notes to the financial statements
for the year ended 31 August 2014

1. Accounting policies (continued)

1.3 Incoming resources

All incoming resources are included in the Statement of financial activities when the academy has entitlement to the funds, certainty of receipt and the amount can be measured with sufficient reliability.

Grants are included in the Statement of financial activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the Balance sheet. Where income is received in advance of entitlement of receipt, its recognition is deferred and included in creditors as deferred income. Where entitlement occurs before income is received, the income is accrued.

General Annual Grant is recognised in full in the year for which it is receivable and any unspent amount is reflected as a balance in the restricted general fund.

Capital grants are recognised when receivable and are not deferred over the life of the asset on which they are expended. Unspent amounts of capital grant are reflected in the balance in the restricted fixed asset fund.

Sponsorship income provided to the academy which amounts to a donation is recognised in the Statement of financial activities in the period in which it is receivable, where there is certainty of receipt and it is measurable.

The value of donated services and gifts in kind provided to the academy are recognised at their open market value in the period in which they are receivable as incoming resources, where the benefit to the academy can be reliably measured. An equivalent amount is included as expenditure under the relevant heading in the Statement of financial activities, except where the gift in kind was a fixed asset in which case the amount is included in the appropriate fixed asset category and depreciated over the useful economic life in accordance with the academy's policies.

Donations are recognised on a receivable basis where there is certainty of receipt and the amount can be reliably measured.

Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

1.4 Resources expended

Expenditure is recognised in the period in which a liability is incurred and has been classified under headings that aggregate all costs related to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Costs of generating funds are costs incurred in attracting voluntary income, and those incurred in trading activities that raise funds.

Charitable activities are costs incurred in the academy's educational operations.

Governance costs include the costs attributable to the academy's compliance with constitutional and statutory requirements, including audit, strategic management and Trustees' meetings and reimbursed expenses.

All resources expended are inclusive of irrecoverable VAT.

Notes to the financial statements
for the year ended 31 August 2014

1. Accounting policies (continued)

1.5 Going concern

The Trustees assess whether the use of going concern is appropriate, i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the academy to continue as a going concern. The Trustees make this assessment in respect of a period of one year from the date of approval of the financial statements.

1.6 Tangible fixed assets and depreciation

All assets costing more than £1,000 are capitalised.

Where tangible fixed assets have been acquired with the aid of specific grants, either from the government or from the private sector, they are included in the Balance sheet at cost and depreciated over their expected useful economic life. The related grants are credited to a restricted fixed asset fund in the Statement of financial activities and are carried forward in the Balance sheet. Depreciation on such assets is charged to the restricted fixed asset fund in the Statement of financial activities so as to reduce the fund over the useful economic life of the related asset on a basis consistent with the academy's depreciation policy.

The valuation for leasehold property is taken from the Drivers Jonas Deloitte desktop valuation completed for the EFA as at 31 August 2013. The basis of the value is Fair Value, as defined by the International Financial Reporting Standards (IFRS). No value for land had been included.

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

L/Term Leasehold Property	-	2% SL
Fixtures and fittings	-	10% SL
Computer equipment	-	20% SL

1.7 Taxation

The academy is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the academy is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

1.8 Pensions

Retirement benefits to employees of the academy are provided by the Teachers' Pension Scheme ("TPS") and the Local Government Pension Scheme ("LGPS"). These are defined benefit schemes, are contracted out of the State Earnings-Related Pension Scheme ("SERPS"), and the assets are held separately from those of the academy.

The TPS is an unfunded scheme and contributions are calculated so as to spread the cost of pensions over employees' working lives with the academy in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary on the basis of quinquennial valuations using a prospective benefit method. As stated in note 27, the TPS is a multi-employer scheme and the academy is unable to identify its share of the underlying assets and liabilities of the scheme on a consistent and reasonable basis. The TPS is therefore treated as a defined contribution scheme and the contributions recognised as they are paid each year.

Notes to the financial statements
for the year ended 31 August 2014

1. Accounting policies (continued)

The LGPS is a funded scheme and the assets are held separately from those of the academy in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The amounts charged to operating surplus are the current service costs and gains and losses on the settlements and curtailments. They are included as part of staff costs. Past service costs are recognised immediately in the Statement of financial activities if the benefits have vested. If the benefits have not vested immediately, the costs are recognised over the period vesting occurs. The expected return on assets and the interest cost are shown as a net finance amount of other finance costs or credits adjacent to interest. Actuarial gains and losses are recognised immediately in other gains and losses.

1.9 Donated services and gifts in kind

The value of donated services and gifts in kind provided to the academy trust are recognised at their open market value in the period in which they are receivable as incoming resources, where the benefit to the academy trust can be reliably measured. An equivalent amount is included as expenditure under the relevant heading in the Statement of Financial Activities, except where the gift in kind was a fixed asset in which case the amount is included in the appropriate fixed asset category and depreciated over the useful economic life in accordance with academy trust's policies.

2. General Annual Grant (GAG)

Under the funding agreement with the Secretary of State the academy was subject to limits at 31 August 2014 on the amount of GAG that could be carried forward from one year to the next. An amount equal to 12% of GAG could be carried forward, of which up to 2 % could be used for general recurrent purposes, with any balance being available for premises/capital purposes.

The academy has not exceeded these limits during the year ended 31 August 2014.

15. Trustees' remuneration and expenses

The Principal and other staff Trustees only receive remuneration in respect of services they provide undertaking the roles of Principal and staff, and not in respect of their services as Trustees. Other Trustees did not receive any payments, other than expenses, from the academy in respect of their role as Trustees. The value of Trustees' remuneration includes employers pensions contribution and fell within the following bands:

	2014 £	2013 £
T Watson	80,000-85,000	75,000-80,000
L Cranston	5,000-10,000	5,000-10,000

A Prosser	5,000-10,000	

16. Trustees' and officers' insurance

In accordance with normal commercial practice the academy has purchased insurance to protect Trustees and officers from claims arising from negligent acts, errors or omissions occurring whilst on academy business. The insurance provides cover up to £1,000,000 on any one claim and the cost for the year ended 31 August 2014 was £600 (2013 - £600). The cost of this insurance is included in the total insurance cost.

21. Statement of funds (continued)

The specific purposes for which the funds are to be applied are as follows:

Unrestricted funds are applied to the general work of the academy to support activities inside and outside the curriculum.

Restricted funds are applied specifically in accordance with the rules of each grant and support the education provision delivered by the academy.

Restricted fixed asset funds are applied to the maintenance and improvement of all the academy's fixed assets.

Under the funding agreement with the Secretary of State, the academy was subject to a limit on the amount of GAG that it could carry forward at 31 August 2014. Note 2 discloses whether the limit was exceeded.

27. Pension commitments

The academy's employees belong to two principal pension schemes: the Teacher's Pension Scheme for England and Wales (TPS) for academic and related staff; and the Local Government Pension Scheme (LGPS) for non-teaching staff, which is managed by Kent County Council. Both are defined benefit schemes.

The pension costs are assessed in accordance with the advice of independent qualified actuaries. The latest actuarial valuation of the TPS related to the period ended 31 March 2004 and of the LGPS 31 March 2010.

There were no outstanding or prepaid contributions at either the beginning or the end of the financial year.

Teachers' Pension Scheme

Introduction

The Teachers' Pension Scheme (TPS) is a statutory, contributory, defined benefit scheme, governed by the Teachers' Pensions Regulations (2010) and, from 1 April 2014, by the Teachers' Pension Scheme Regulations 2014. Membership is automatic for full-time teachers in academies and, from 1 January 2007, automatic for teachers in part-time employment following appointment or a change of contract, although they are able to opt out.

The TPS is an unfunded scheme and members contribute on a 'pay as you go' basis – these contributions along with those made by employers are credited to the Exchequer. Retirement and other pension benefits are paid by public funds provided by Parliament.

The Teachers' Pensions Regulations require an annual account to be kept of receipts and expenditure (including the cost of pensions' increases). From 1 April 2001, the account has been credited with a real rate of return, which is equivalent to assuming that the balance in the account is invested in notional investments that produce that real rate of return.

Valuation of the Teachers' Pension Scheme

The latest actuarial valuation of the TPS was carried out as at 31 March 2012 and in accordance with the Public Service Pensions (Valuations and Employer Cost Cap) Directions 2014. The valuation report was published by the Department for Education on 9 June 2014. The key elements of the valuation and subsequent consultation are:

- employer contribution rates set at 16.48% of pensionable pay (including a 0.08% employer administration charge (currently 14.1%);
- total scheme liabilities for service to the effective date of £191,500 million, and notional assets of £176,600 million, giving a notional past service deficit of £14,900 million; and
- an employer cost cap of 10.9% of pensionable pay will be applied to future valuations.

The new employer contribution rate is applicable from 1 April 2015 and will be implemented for the TPS from September 2015.

A copy of the valuation report and supporting documentation is on the Teachers' Pensions website.

Teachers' Pension Scheme Changes

Lord Hutton made recommendations in 2011 about how pensions can be made sustainable and affordable, whilst remaining fair to the workforce and the taxpayer. The Government accepted Lord Hutton's recommendations as the basis for consultation with trade unions and other representative bodies. In March 2012 the Department for Education published proposals for the design for a reformed TPS.

27. Pension commitments (continued)

The key provisions of the reformed scheme include: a pension based on career average earnings; an accrual rate of 1/57th; and a Normal Pension Age equal to State Pension Age, but with options to enable members to retire earlier or later than their Normal Pension Age. Pension benefits built up before 1 April 2015 will be fully protected.

In addition, the proposed final agreement includes a Government commitment that those within 10 years of Normal Pension Age on 1 April 2012 will see no change to the age at which they can retire, and no decrease in the amount of pension they receive when they retire. There will also be further transitional protection, tapered over a three and a half year period, for people who would fall up to three and a half years outside of the 10 year protection.

In his interim report of October 2010, Lord Hutton recommended that short-term savings were also required, and that the only realistic way of achieving these was to increase member contributions. At the Spending Review 2010 the Government announced an average increase of 3.2 percentage points on the contribution rates by 2014-15. The increases have been phased in from April 2012 on a 40:80:100% basis.

The Department for Education has continued to work closely with trade unions and other representatives bodies to develop the reformatted Teachers' Pension Scheme and regulations giving effect to it came into force on 1 April 2014. Communications are being rolled out and the reformatted scheme will commence on 1 April 2015.

Under the definitions set out in Financial Reporting Standard (FRS 17) Retirement Benefits, the TPS is a multi-employer pension scheme. The academy is unable to identify its share of the underlying assets and liabilities of the scheme. Accordingly, the academy has taken advantage of the exemption in FRS 17 and has accounted for its contributions to the scheme as if it were a defined contribution scheme. The academy has set out above the information available on the scheme.

Local Government Pension Scheme

The LGPS is a funded defined benefit scheme, with assets held in separate trustee-administered funds. The total contribution made for the year ended 31 August 2014 was £35,000, of which employer's contributions totalled £28,000 and employees' contributions totalled £7,000. The agreed contribution rates for future years are 23.1% for employers and var% for employees.

Parliament has agreed, at the request of the Secretary of State for Education, to a guarantee that, in the event of academy closure, outstanding local government pension scheme liabilities would be met by the Department for Education. The guarantee came into force on 18 July 2013.

29. Related party transactions

Owing to the nature of the academy's operations and the composition of the board of trustees being drawn from local public and private sector organisations, transactions may take place with organisations in which a trustee has an interest. All transactions involving such organisations are conducted at arm's length and in accordance with the academy's financial regulations and normal procurement procedures.

During the year the trust purchased furniture from Inchoak Redman Limited, a company connected to K Williams, totalling £10,348. There was no amount outstanding at 31 August 2014.

In entering into the above transactions the trust has complied with the requirements of the EFA's Academies Financial Handbook.
