How to use the fun agreement

1. Sit all of the children down and explain that we (very important that it is collectively, not just you dictating to the class) are going to agree some fun rules.
2. Point to each of the words and gain feedback from the class as what to each term could mean.
3. Respect could mean the following;
 - Listen to your coach when speaking
 - Respect the environment and equipment
 - Respect each other.
4. Explain that the words apply to you as the coach also.
5. Once you have used guided discovery to gain the correct answers ask the class if they agree with what had been said.
6. If the class step out of line then simply refer to the set of rules you have all agreed
