

*Learning Together*

*Growing Together*

## **HOMework**

Homework tasks are set for pupils at Cliddesden with the purpose of supporting ongoing progress and achievement of all pupils.

### **WE VIEW THE PURPOSE OF HOMEWORK AS:**

- Developing the home school partnership.
- Consolidating and reinforcing skills and understanding.
- Exploiting resources for learning in the home.
- Developing skills of organisation and self-discipline.
- Preparing pupils for the demands secondary education.
- Extending school learning.

Pupils are given a weekly homework sheet that lists their daily tasks. Parents should support their child with their homework where needed and ensure that they have completed the given tasks.

Children should only spend the allocated time on homework tasks.

Reception and KS1 - 15 minutes per task

KS2 - 20 - 30 minutes per task

When project tasks are set your child will be given longer to complete them.
