Growing Together

SAFEGUARDING

At Cliddesden the health and safety of all children is of paramount importance. Parents send their children to the school each day with the expectation that we provide a secure environment in which their children can flourish. In order to do this a wide range of measures are put in place.

Policies

A wide range of policies are in place and designed to achieve a fair, safe and harmonious environment, in which children are - safe from harm, know that staff have their welfare at heart, and know that staff will always listen when they want to discuss a problem.

First Aid

In school there are always trained members of staff who oversee first aid. There are a number of first aid kits situated around school. When a child is ill, or has suffered an accident in school there is a protocol for staff to follow.

Site security

Cliddesden provides a secure site, which is controlled by precise management directives.

Staff Vetting checks

All staff who work in the school have a full DBS check carried out by Hampshire County Council.

Educational visits and risk assessments

The educational visits coordinator has attended county training. Risk assessment records are carried out for all educational visits.
