Dear Parents/Carers

A Sound Bottle Request

In Science we have been learning all about senses!

We are also thinking about sounds and how we hear them.

Please can you make some bottles with different things inside?
The outside of the bottles need to be covered up so we can't peek
inside and guess by using our eyes! We just need to be able to
listen to the sounds of the things inside and guess what they are
from the noise they make when we shake them.

On **Thursday 6th October** each child will have the opportunity to
share their bottle and the class will try to guess what is in it. They
will then be recording in their science books why they chose the
item to go in the sound sensory bottle so it is important that all
children bring one into school.

The more interesting fillings the better.

Thank you for your help!

Yours sincerely

Mrs E Sharkey
Class Teacher
