

Colouring simple repeating patterns

A pattern activity

What you will need...

- Counters
- Coloured pencils

What to do...

- With your child make a simple repeating pattern with counters placed on the circles.
- Ask your child to copy the pattern by colouring the circles below the counters.

Make a simple pattern with the counters by covering these circles e.g. red, blue, red, blue, red, blue

Now copy the pattern by colouring these circles.

Now make another simple repeating pattern....

And copy it.

And another...

And copy it.
