

Read Write Inc Spelling

by Ruth Miskin

WHY?

- **Identified spelling to be a focus area for our school especially in KS2**
- **We need a systematic approach**
- **Lessons need to be less 'dry'**
- **Children need to apply spellings in their independent writing**

Read Write Inc Spelling

- **Structure, systematic approach**
- **Specially created to meet the higher demands of the national curriculum**
- **Has a proven record of success**
- **Lessons are 15 minutes a day**
- **Spelling rules are introduced by aliens from an exciting online spelling planet**

How are children assessed during the programme?

- Practice Tests assess children's spelling progress using the same format as the statutory assessments in England.
- Tracking spreadsheets enable you to record and track individual children's progress and identify units or concepts you will need to re-teach.
- Assessment is built into the activities for every unit: Speed spell tests children's knowledge of words from previous units; Team teach and Four-in-a-row help children assess their own progress
- The tests are presented as fun games and activities so children are motivated rather than intimidated.
