

## Strategic Vision for 2016-2019

### CORE PURPOSE

To inspire our pupils to have a life-long love of learning that ensures the best possible achievement which makes a real difference to their lives and their futures.

### TEACHING AND LEARNING

Our aspirations are:

- to have outstanding teaching across all phases of the school;
- for all children to make more than expected progress from their individual starting points with a significant number exceeding expected progress;
- the gaps for all vulnerable groups of pupils will be closed;

### KEY PRINCIPLES THAT SHAPE THE DAY TO DAY LIFE OF THE SCHOOL

- The school ethos is built upon our strong focus on Christian Values.
- All members of the school community are welcomed, valued and respected.
- There is a relentless focus on developing outstanding learning behaviours.
- We use progress data to tailor curriculum provision to the needs of **all** learners
- We inspire pupils by our creative and inspirational approach to teaching across all aspects of learning including the wider curriculum.
- We believe in continuous improvement and invest in staff development both within school and across our local partnership of schools.
- We are committed to safeguarding children.
- We believe that children should have a voice that is listened to, heard and influences our approach to their learning, behaviour and the welfare.
