

St Anne's Catholic Primary School

Policy determined by Governors		Signed:
-----------------------------------	--	---------

Educational Visits Policy

1 Introduction

1.1 Off-site visits are activities arranged by or on behalf of the school, and which take place outside the school grounds. The governors and teaching staff believe that off-site activities can supplement and enrich the curriculum of the school by providing experiences which would otherwise be impossible. All off-site activities must serve an educational purpose, enhancing and enriching our children's learning experiences.

1.2 In this policy we seek to establish a clear and coherent structure for the planning and evaluation of our off-site visits, and to ensure that any risks are managed and kept to a minimum, for the safety and health of all pupils at all times. Within these limits we seek to make our visits available to all pupils, and wherever possible to make them accessible to those with disabilities. The visits usually take place within the school day.

2 Aims

2.1 The aims of our off-site visits are to:

- enhance curricular and recreational opportunities for our pupils;
- provide a wider range of experiences for our pupils than could be provided on the school site alone;
- Promote the independence of our children as learners, and enable them to grow and develop in new learning environments.

These visits begin with short excursions into the local area in the Early Years, and progress to a residential experience towards the end of Key Stage 2.

3 Curriculum links

3.1 For each subject in the curriculum there is a corresponding programme of activities (which includes visits to the school by specialists). All these activities are in line with guidance published by the LEA:

- English – theatre visits, visits by authors, poets and theatre groups;
- science – use of the school grounds, visits to organic gardens;
- mathematics – use of shape and number trails in the local environment;
- history – castle visits, study of local housing patterns, local museums;
- geography – use of the locality for fieldwork, village trails;
- art and design – art gallery visits, use of the locality;
- PE – a range of sporting fixtures, extra-curricular activities, visits by specialist coaches;
- music – a variety of specialist music teaching, extra-curricular activities, local schools' orchestra, concerts for parents to hear;

- design and technology – visits to local factories or design centres;
- ICT – its use in local shops/libraries/secondary schools etc;
- RE – visits to local centres of worship, visits by local clergy.
- PSHE and citizenship – visit to the fire station or an old people's residential home, visits by local police officers and health workers.
-

4 Residential activities

4.1 Children in Year 6 & Y5 have the opportunity to take part in a residential visit. These activities are in school time and linked to the National Curriculum, so we do not make any charge for the education. We do, however, make a charge for board and lodging and travel, insurance and specialist instruction for certain activities. Parents in receipt of state benefits are given a remission.

4.2 The residential visits enables children to take part in outdoor and adventure activities as part of their RE/PE/PSHE/Geography/Science work. We visit Alton Castle in Y5 & Plas Dol- y-Moch an outdoor activity centre run by Coventry L.A in Y6.

5 How visits may be authorised

5.1 The Head Teacher will appoint a party leader to be responsible for running the activity. This will normally be a teacher employed at the school.

5.2 The school's educational visits coordinator, the Assistant Head Teacher, will be involved in the planning and management of off-site visits.
S/he will:

- Ensure that risk assessments are completed at least 14 days before the activity takes place. This is to ensure that all staff involved are aware of the assessment, and that the Educational Visits coordinator has time to upload the document onto Evolve.
- support the governing body in their decisions to approve;
- assign competent staff to lead and help with trips;
- organise related staff training;
- make sure that all necessary permissions and medical forms are obtained, including the administration of medication where necessary.
- keep records of visits, and ensure there are regular generic assessments of the risks (for example road-crossing) where there are frequent visits to local venues (for example Church or local area).
- Ensure that all adults accompanying children on residential trips have the necessary police checks.

Staff arranging or otherwise involved in off-site activities must familiarise themselves with the regulations, advice and procedures published by the LA (and available from the Educational Visits Coordinator – Neil Kitching Sept 2016).

All off-site activities must take place in accordance with the LA's instructions. All LA approved forms must be completed on line (EVOLVE).

- 5.3** Where staff are proposing to arrange an off-site activity, they must seek and obtain the approval of the Head Teacher before any commitment is made on behalf of the school, including venue and transport bookings. A visit plan should be provided by the member of staff to allow for an informed decision to be made. Visit plans (School Trips Arrangements Form) are available from the school office.
- 5.4** Where the activity involves a period of more than 24 hours, an overnight stay, or a journey by sea or air, the Head Teacher will seek the approval of the governing body before permitting the activity to take place.
- 5.5** It is our policy that all children should be able to participate in educational visits. Where a child with a disability is eligible for a trip, we will make every effort to ensure that s/he is included. We may seek guidance from parents to help us adapt our programme, and we will make any reasonable adjustments to our itinerary to include a child with disabilities. Any such adjustments will be included in the risk assessment.

6 Risk assessment

- 6.1** A comprehensive risk assessment is carried out by the group leader before the proposed visit. It will assess the risks which might be encountered on the visit, and will indicate measures to prevent or reduce them. These must include the transport arrangements. The risk assessment should be based on the following considerations:

- What are the hazards?
- Who might be affected by them?
- What safety measures are needed to reduce risks to an acceptable level?
- Can the group leader put the safety measures in place?
- What steps will be taken in an emergency?

Most venues will also have a generic risk assessment that staff should always request at the point of making a booking. The school risk assessment proforma is available in the 'Pools' area of the Curriculum network.

- 6.2** Staff planning an off-site activity should make a preliminary visit to the venue where appropriate, in order to carry out an on-site risk assessment. It is important to take into account the probable weather conditions at the time of year proposed for the trip, and the party leader should take careful account of the facilities available, with due regard to the proposed size of the group. They should also assess the site's suitability with regard to the age and any particular needs of the children. They will also consider the venue's own approach to security and to health and safety. Venues providing instructor-led activities will have their own risk assessments for particular sessions, and these assessments may be adopted if it is impractical for the group leader to experience the activity beforehand, or if s/he lacks the skills required to make informed judgements about the risks it may involve (see paragraph 6.1).
- 6.3** It is important to assess and record any health, safety or security issues that are identified during the preliminary visit. Any such issues will be taken into account when the final decision is taken on whether the visit should proceed, and the Visit Plan must state both the extent of any risks involved, and the measures that will be taken to reduce or eliminate

them. The cost of these preliminary visits will be borne by the school, and should be built into the overall financial arrangements for the visit itself.

6.4 An activity should have sufficient adults taking part to provide the following minimum ratios:

- 1 adult to between 10 and 15 pupils in Years 4 to 6;
- 1 adult to 6 pupils in Years 1 to 3;
- 1 adult to 3 pupils in Early Years.

Any trip will require a minimum of two adults. However, these are *minimum* requirements, and may *not* provide adequate supervision in all cases.

6.5 A copy of the completed risk assessment will be given to the Head Teacher and all adults supervising the trip.

6.6

7 Transport

7.1 The costing of off-site activities should include any of the following that apply:

- transport;
- entrance fees;
- provision of any special resources or equipment;
- costs related to adult helpers;
- any refreshments the school has opted to pay for.

7.2 Transport arrangements will allow a seat for each member of the party. It is our policy only to use coaches fitted with seat or lap belts, and to insist that they be worn by all those participating in the visit.

7.3 Where private cars are used for transport, the group leader is responsible for checking that the insurance of each driver covers such journeys and their driving licence. All car drivers must show driving licence, MOT certificate and insurance details to school office.

8 Communication with parents

8.1 The parents of children taking part in an off-site activity should be provided with all appropriate information about the intended visit. Parents must give their permission in writing before a child can be involved in any off-site activities if the activity takes them outside the city boundary. There is a generic permission in place upon a child's admission to the school and then annually.

8.2 Funding for off-site activities is provided mainly by parental contributions (voluntary except in the case of residential visits). This must be made clear to parents in all correspondence about an educational visit at the planning stage. In the initial letter the following statement can be included; 'Should the school not receive sufficient funding for this visit from parental/carer contributions, the visit may not go ahead.'

8.3 No child may be excluded from a curriculum enhancement activity because of the unwillingness or inability of the parent to make a contribution. Parents will be informed of this principle through the school prospectus and letters sent home about intended visits.

- 8.4** The timetable for the payment of contributions should allow for the Head Teacher to make a decision about the financial viability of the activity in reasonable time.
- 8.5** For residential visits, parents will be provided with a payment card to enable parents to make smaller, regular contributions to the cost of the visit. This card will be made available as soon as the visit is finalised, allowing a longer period to complete the payments.

9 Further health and safety considerations

- 9.1** All adults accompanying a party must be made aware, by the party leader, of the emergency procedures which will apply. Each adult should be provided with an emergency telephone number. This will normally be the school number, but where an activity extends beyond the normal school day the home telephone number of a designated emergency contact should be provided.
- 9.2** Before a party leaves school the school office should be provided with a list of everyone, children and adults, travelling with the party, together with a programme and timetable for the activity.
- 9.3** The safety of the party, and especially the children, is of paramount importance. During the activity the party leader must take whatever steps are necessary to ensure that safety. This involves taking note of any information provided by medical questionnaire returns, and ensuring that children are both safe and well looked after at all times.
- 9.4** Prior to an activity, if it is felt that the behaviour of an individual child is likely to compromise the safety of others or the good name of the school, the party leader should discuss with the Head Teacher the possibility of excluding that child from the activity.
- 9.5** It should be agreed with any parents of pupils with behavioural issues that in the event of the child behaving in a way that compromises the safety of other pupils or staff helpers, the parents agree to collect the child from the venue. If the parents do not transport then the school will arrange collection of that pupil.

10 Group leaders' planning

- 10.1** Group leaders must read thoroughly the appropriate guidance for off-site activities:

They must consult LA documentation using Evolve to plan visits and trips.

11 Visit plan

- 11.1** The visit plan for intended educational visits must include the following:

- risk assessment;
- applications for approval of visit;
- general information;
- names, ages, contact details, permission forms, medical records and other relevant details of all those going on the visit (data forms);

- travel schedule;
- accommodation plan (if applicable);
- full plan of activities;
- fire precautions and evacuation procedures;
- intended arrangements for supervision;
- emergency contacts and procedures;
- general communications information;
- guidance for party leaders;
- guidance for the emergency contact and Head Teacher;
- medical questionnaire returns;
- first-aid boxes.

12 Monitoring and review

- 12.1** This policy is monitored by the governing body and will be reviewed annually or before if necessary.
